EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Don Dowden on 212-278-0400.

The application has been amended as follows:

In the claims:

In claim 5 line 5: "a second component of the first signal" has been changed to ---said second component of the first signal---

In claim 6 line 5: "a second component of the first signal" has been changed to ---said second component of the first signal---

Remarks:

The above amendment has been made for clarity.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: The art of record does not suggest the respective claim combinations together and nor would the respective claim combinations be obvious with:
3. As per claim 5: combines the local component signal with a version of the first signal to generate the first W-code signal

Art Unit: 2631

4. As per claim 6: combines the second local component signal with at least one version of the second signal to generate at least one second W-code signal
5. As per claim 7: combines the second local component signal with at least one version of the second signal to generate at least one second estimate signal; and the second tracker generates a timing signal in accordance with the timing information for improving the accuracy of the at least one second estimate signal
6. As per claims 8-10: combines the local component signal with a version of the first signal to generate the first W-code signal; the second tracker combines the first estimate signal with the at least one second estimate signal to provide a tracking signal for tracking the first component of the second signal
7. As per claim 12: applying the first estimate signal for locking to a first component of the second signal
8. As per claims 13-14: aligning as claimed
9. As per claims 15-16: used with the P-code to generate the Y-code component

Conclusion

10. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
